

# Take a Closer Look at Your Community Hospital

2019 marks our five-year anniversary in our new home; 10-year anniversary since affiliating with Valley Health and 95-year anniversary of the founding of the Page Memorial Hospital Auxiliary. With the help of our dedicated staff and through the continuous support of our community — we could not be more proud of the many advancements we have made over the past five years, and we're looking forward to celebrating a century of service!

## 2014

- New 67,700-square foot hospital opens!
- Celebrated successful “Come Grow with Us” capital campaign which raised \$1.2 million for new equipment
- Recognized by the Luray/Page County Chamber of Commerce as Service Business of the Year
- Launched Epic, state-of-the-art electronic health record

## 2015

- Made extensive improvements to Valley Health Fitness Services in the Luray Shopping Center
- After-hours services made available for minor illnesses and injuries
- Valley Internal Medicine joins Valley Health
- Partnered with James Madison University’s Counseling and Psychological Services

## 2016

- Expanded access to healthcare services with opening of Valley Health Page Memorial Hospital Family Medicine | Washington Clinic
- Valley Internal Medicine and Valley Internal and Family Medicine merge
- Received Four Star Rating from the Centers for Medicare and Medicaid Services for Quality

## 2017

- Increased imaging capabilities with addition of 3D mammography and low dose CT
- Partnered with Rappahannock County to establish Rapp U to enhance healthcare-related educational opportunities
- Launched successful transportation program for patients needing rides to healthcare appointments
- Opened 7,000-square foot Outpatient Rehab in renovated space at former hospital
- Dr. James G. Dale appointed to Valley Health Board of Trustees

## 2018

- Recognized as a finalist for the Premier QUEST Award for High Value Healthcare and for reduction of preventable readmissions
- Enhanced patient care through the introduction of eICU telemedicine and tele-stroke technology in the ED
- James Madison University partnered with PMH after receiving a \$2.7 million federal grant to provide student nurses with clinical rotation experiences in a rural community setting
- Introduced chronic care management
- Partnered with local high schools to develop Young Athlete rehab program

## 2019 and Beyond

- Continue to provide exceptional patient experiences while enhancing access to services, promoting advances in technology and clinical expertise and improving the overall health and well-being of the residents of Luray and Page County.
