

FREE Community Skin Cancer Screening Event

The American Academy of Dermatology estimates that one in five Americans will develop skin cancer in their lifetime. Skin cancer screening only takes a few minutes, yet it could save your life. When caught early, skin cancer is highly treatable. Valley Health and Premier Dermatology have teamed up to raise awareness by offering free skin cancer screening exams for people who are **not currently having skin checks by a medical provider or who are uninsured.**

Saturday, May 18, 2024 • 10 A.M. – 12 P.M.
