**\*Pool Class 4:30pm-5:30pm T & TH**

## Why Swim Lessons Are Important!

**Safety** According to the National Institute of Health, children aged 1-4, who received formal swim lessons, saw an **88% reduction in drowning risk.**

**Overcoming Fear** For many, the experience of submerging their face in the water, going fully beneath the surface, or holding their breath can be very scary. By enrolling in swim lessons, you become comfortable with each of these sensations at their own pace, with a trained professional on hand to help guide them.

**Swimming as Exercise** is an aerobic and full-body resistance workout. It is low impact while still strengthening all parts of the body—legs, upper body, core, back, even lungs! It's a terrific workout at any age.

**Fun** Whether you're in a pool, at the beach, or swimming in a lake, there's nothing better than splashing around in the water on a sunny day. We offer swim lessons all year!

**We offer Private or Buddy Lessons all year!**

Stop by the Front Desk for details, schedule your lessons now.
